

Accessing Moodle from Home

Open your internet browser eg :- Internet Explorer or Firefox

In the URL address bar type in the following address:-

<http://web1.baulkham-h.schools.nsw.edu.au>

A pop up box will appear asking for authentication.

Username = schoolusername@bhhs

Password = school password

You will then have a second authentication in the actual moodle site, this is just your school username and school password again without the @bhhs this time.
